ANNUAL OPERATING BUDGET IMPACT (\$000)

DESCRIPTION

This project will provide for the planning and design of a new North County Depot for the DPWT Divisions of Transit Services (Ride On), Fleet Management Services and Highway Maintenance in Clarksburg. The facility will accommodate the planned future growth of the County's transit fleet and will serve as a staging, operations and maintenance center for the three DPWT divisions. The new North County facility will accommodate 250 new buses and almost 90 pieces of heavy duty vehicles and equipment, provide for their maintenance and house the divisions' operational and administrative staff. The facility will complement the existing DPWT facilities at Brookville in Silver Spring and Crabbs Branch Way in Rockville.

JUSTIFICATION

The County proposes to double transit ridership on the "Ride-On" system by 2020. This will require the addition of a new bus maintenance facility as the existing facilities are nearing their maximum capacity. In addition, a new highway maintenance depot is needed in the fast growing UpCounty area to better serve County residents. The new depot will consolidate the existing operations at the Gaithersburg west and Poolesville depots and provide for future growth.

Plans and Studies

The program of requirements is complete. A pedestrian impact analysis has been completed for this project.

Cost Change

Increase due to inflation and the addition of land acquisition costs.

STATUS

Facility planning.

OTHER

The design of the project will comply with the DPWT and ADA standards. Options for land are being funded through ALARF in the amount of \$1.4 million in FY06 and reimbursed to ALARF in FY07 from this project. The Department of Public Works & Transportation will conduct a public outreach meeting with the Clarksburg community prior to spending funds from this PDF.

FISCAL NOTE

Total project cost is estimated to be between \$95 million and \$105 million. Final construction cost will be determined during the design phase.

APPROPRIATION AND EXPENDITURE DATA

Date First Appropriation	FY06	(\$000)
Initial Cost Estimate		4,725
First Cost Estimate		
Current Scope	FY07	16,003
Last FY's Cost Estimate		4,725
Present Cost Estimate		16,003
Appropriation Request	FY07	15,403
Appropriation Request Est.	FY08	600
Supplemental Appropriation Request	FY06	0
Transfer		0
Cumulative Appropriation		0
Expenditures/ Encumbrances		0
